THE COLOR SPECTRUM

Mystic Flowers is a trend-driven farm where we thrive on continuously having in-depth conversations with floral artists & decorators around the world to understand what they are looking for in varieties in order to help them stand out.

We are passionate about going above and beyond to find and position in the market high-quality varieties. This has led us over the years to create a curated portfolio of roses and summer flowers that will **help designers have at hand the complete color spectrum to choose from, all from one farm.**

In this catalog, you can get to know our varieties through trends in a way that can inspire your business to give your clients what they are looking for. The collections that you will find here are: Bold Colors, Blend in colors, Mauve, Wedding, and Garden Collection.
